Business ethics (also known as corporate ethics) is a form of applied ethics or professional ethics, that examines ethical principles and moral or ethical problems that can arise in a business environment. It applies to all aspects of business conduct and is relevant to the conduct of individuals and entire organizations. These ethics originate from individuals, organizational statements or ...

Business ethics - Wikipedia

In human resources context, turnover is the act of replacing an employee with a new employee. Partings between organizations and employees may consist of termination, retirement, death, interagency transfers, and resignations. An organization's turnover is measured as a percentage rate, which is referred to as its turnover rate.

Turnover (employment) - Wikipedia

The following references are to articles, chapters and books in which the PRECEDE model (or its successor, the PRECEDE-PROCEED model) has been applied, examined or extended.
