DEPARTMENT OF CITYWIDE REQUIRED INFORMATION ADMINISTRATIVE

I have a network that i am setting up. The plan is to amalgamate several internet only WLANs to use as little equipment as possible. We have 4 internet connections coming into a Pepwave load balancer, the links are then passed down to a cisco ASA 5510 in and the internal port of the ASA is configured using sub-interfaces to provide each instance on the internal with its own subnet.

DHCP issues through wireless controller - Experts-Exchange

I've been using an ASUS RT-N66U in a small office as purely an access point in ROUTER MODE (as a switch and access point) connecting the device to the LAN on one of its LAN ports and DHCP disabled.

Setting up a Guest WiFi Network on ASUS RT-N66U

WPA. The Wi-Fi Alliance intended WPA as an intermediate measure to take the place of WEP pending the availability of the full IEEE 802.11i standard. WPA could be implemented through firmware upgrades on wireless network interface cards designed for WEP that began shipping as far back as 1999. However, since the changes required in the wireless access points (APs) were more extensive than those ...

Hello Wi-Fi Peeps! The question comes up from time to time about using a Mac Book Pro OSX for real-time video. While it can be done and works well most of the time in a stationary fashion you need to be aware of what limitations you should expect, especially if you are using enterprise grade security.
