

industrial relations theory and pdf

Industrial relations or employment relations is the multidisciplinary academic field that studies the employment relationship; that is, the complex interrelations between employers and employees, labor/trade unions, employer organizations and the state.. The newer name, "employment relations" is increasingly taking precedence because "industrial relations" is often seen to have relatively ...

Industrial relations - Wikipedia

Industrial sociology, until recently a crucial research area within the field of sociology of work, examines . the direction and implications of trends in technological change, globalization, labour markets, work organization, managerial practices and employment relations to the extent to which these trends are intimately related to changing patterns of inequality in modern societies and to ...
