

managing human resources luis pdf

Management (or managing) is the administration of an organization, whether it is a business, a not-for-profit organization, or government body. Management includes the activities of setting the strategy of an organization and coordinating the efforts of its employees (or of volunteers) to accomplish its objectives through the application of available resources, such as financial, natural ...

The job demands•resources (JD•R) model was used to examine the relationship between job characteristics, burnout, and (other•ratings of) performance (N = 146). We hypothesized that job demands (e.g., work pressure and emotional demands) would be the most important antecedents of the exhaustion component of burnout, which, in turn, would predict in•role performance (hypothesis 1).

Using the job demands•resources model to predict burnout

5 Executive Summary M-health•the use of mobile applications for healthcare•is a young and dynamic field that could improve the well-being of people around the world.
