Renewable energy commercialization involves the deployment of three generations of renewable energy technologies dating back more than 100 years. First-generation technologies, which are already mature and economically competitive, include biomass, hydroelectricity, geothermal power and heat. Second-generation technologies are market-ready and are being deployed at the present time; they ...

Proverbs are popularly defined as "short expressions of popular wisdom". Efforts to improve on the popular definition have not led to a more precise definition. The wisdom is in the form of a general observation about the world or a bit of advice, sometimes more nearly an attitude toward a situation.
